

A graphic identity unifies an organization.

Our goal is to present a consistent identity for The University of Arizona. A unified look lets the world know that we are working together to fulfill our promise as a top tier, student-centered research institution. In order to accomplish this, we have standardized our institutional stationery that can now be ordered online. This not only helps keep costs down, but will expedite the process of ordering and receiving your business cards, letterheads and envelopes. The Standard Stationery package is based on the UA horizontal logo.

Contracting printers outside the UA system for stationery is not allowed.

From the President

When it comes to building a strong and cohesive image for the University, uniformity is essential. Our Office of External Relations has developed a model for elevating and unifying The University of Arizona brand. The plan takes into consideration the decentralized nature of this campus as well as the college and department needs. It is designed to ensure that all our communications promote the UA in a consistent and powerful way. Please take a moment to learn about the UA graphic standards and to adopt them for your college, department or program. As members of the campus community, we all share a commitment to the best interests of the entire university.

Regards,
Robert N. Shelton

General Information.

All letterhead, matching #10 envelopes, and business cards are printed on a recycled, natural white paper (cream colored).

Utility envelopes (e.g., catalog) are available in commercial grade white. These can be used for campus mail, business reply, mass mailings and window envelopes. You can choose either black or [UA blue](#) ink.

The ink colors for the Standard Stationery package are [UA blue](#) and [UA red](#).

The UA has a long-standing policy which bans the printing of individual names on official letterheads and envelopes.

Colleges, departments and programs should plan their transition to the updated stationery package when the natural cycle requires replacing existing letterheads, envelopes and business cards. The campus community is not expected to discard their older version of stationery until its time to reorder.
